BRITTANY RINGUETTE

I am very excited to be coaching the Skyhawks this season! This will be my second season coaching in the district and my seventh season coaching cheer! In the previous seasons, I have brought my team to place top three in provincials 6 times. I am looking forward to working with the team and coaches to make it to Provincials this season as well! I am so excited to see what this new season will bring!

BRYCE SEMASHKEWICH

I am really looking forward to my first season with the Skyhawks and meeting all the great athletes! I am most excited for watching the incredible progress I know we will make from the beginning of the season which will hopefully take us all the way to provincials! Although this is my first year coaching the Skyhawks, this will be my 6th year coaching cheer. I have spent my previous coaching years with Athabasca and have taken them to provincials and placed multiple years! In addition to coaching the Athabasca team, I also grew up cheering for them! I cannot wait to see the amazing team and having a fun season with everyone!

JACQUIE LAVIOLETTE

I am so excited to start the season with the Skyhawks after taking a break to continue growing my family! This will be my 8th year coaching cheer and my 7th year coaching! Working with an incredible coaching team, I helped to start and grow the Chargers cheer Team and I am looking forward to continuing to watch it grow through the years! From it's beginning, the coaching team has taken the Chargers to Provincials every year and placing in every one! I cannot wait to work with our passionate and hard-working athletes again this year and to come back with two extra "Jr Chargers"
